

## **LIGHTING SYSTEM – MANUFACTURED IN SOUTH AFRICA**

- **Infra-red Remote Controlled:**
- **Back-up Lighting**
- **Security Lighting**
- **Home Lighting**
- **Phone activation (Optional)**

**CONTROL BOX:** (DO NOT PLACE OUTDOORS UNLESS PLACED IN AN ALL-WEATHER ENCLOSURE)

**RESET BUTTON (BLACK):** Is used to manually switch the lights on or off, at any time of day or night.

**YELLOW LIGHT:** Indicates that the system is using battery power.

**GREEN LIGHT:** Indicates that the system is using AC power & charging the battery.

**TOP CONNECTOR (MAIN BANK):** Is used for indoor lights. They will switch on only when there is a power failure or the reset button is pushed or if the modem (optional) is activated by phoning in.

**BOTTOM CONNECTOR (SECONDARY BANK):** Is used for outdoor lights. These lights will switch on EVERY night regardless of whether or not there is a power failure.

**REAL-TIME CLOCK:** Ensures that indoor lights will not switch on in day-light hours in the event of a power failure.

**POWER CABLE:** KEEP THE SYSTEM PLUGGED INTO THE MAINS (AC) AT ALL TIMES.

**BATTERY:** (inside box): 12V / 18AMP. Expected life: 3 years.

**INTELLIGENT CHARGER:** Ensures that the battery does not over-charge or under-charge, protecting the life of the battery.

**LIGHTS:** 3 Powerful LED's per light – expected life of +40 000 hours or 10 years.

**PURE WHITE:** Brighter light ideal for outdoor lighting with yellow lens.

**NATURAL WHITE:** Softer lighting, suitable for both indoor and outdoor lighting.

**INFRA-RED REMOTE CONTROL:** From up to 5m away, switch lights on and off individually by pointing to the light.

**YELLOW LENS:** Used when softer lighting is desired or for outdoors.

**CLEAR LENS:** Used for indoor and outdoor lighting.

For further assistance call 082 413 1757 or 082 372 1580 or 082 566 1214 during office hours.
